Barack Obama

&

Jon Corzine

In October 2011, over **\$1.5 Billion** was looted from the segregated accounts of thousands of **MF Global** customers, including many **Iowa farmers and farm co-ops**¹. MF Global was led by Jon Corzine, one of Barack Obama's biggest bundlers of campaign contributions and someone who President Obama proudly referred to as "Our Man on Wall Street."² One year later, **no one** has been charged with a crime and **no one** has been held accountable for this massive regulatory failure.
